FREEPORT-McMoRan FOUNDATION

Fulfilling a Social Responsibility

Description of Program:

The purpose of the Freeport-McMoRan Foundation is to improve the quality of life in the areas where our employees live and work and to support national organizations focused on social welfare, health care, the arts and the environment.

The goal of the Foundation through its grants program is to respond to community needs in the most effective and innovative ways possible. We believe in establishing partnerships with other companies, foundations and community-based organizations to jointly promote community wellbeing.

Applicants may telephone or submit a letter of intent briefly describing a project before submitting a proposal in order to ascertain if their project is potentially fundable by the Foundation. Support to a non-profit organization or institution in any one year does not indicate a precedent for future support.
