Freeport-McMoRan (the Company) is a premier United States-based natural resources company with an industry-leading global portfolio of mineral assets, significant oil and gas resources and a growing production profile. Freeport-McMoRan is the world’s largest publicly traded copper producer.

Freeport-McMoRan’s portfolio of assets includes the Grasberg minerals district in Indonesia, one of the world’s largest copper and gold deposits; significant mining operations in the Americas, including the large-scale Morenci minerals district in North America and the Cerro Verde operation in South America; the Tenke Fungurume minerals district in the Democratic Republic of Congo (DRC); and significant oil and natural gas assets in North America, including reserves in the Deepwater Gulf of Mexico (GOM), onshore and offshore California, in the Eagle Ford shale play in Texas, in the Haynesville shale plays in Louisiana, in the Madden area in Central Wyoming, and an industry-leading position in the emerging Inboard Lower Tertiary/Cretaceous natural gas trend in the shallow waters of the GOM and onshore in South Louisiana.

ABOUT THIS REPORT

This 2013 Working Toward Sustainable Development (WTSD) report is meant to provide stakeholders with summary information on our sustainability programs, including policies, systems and performance data. Additional information is located on our website at www.fcx.com, and a 5-year trend of performance metrics is presented on page 33. Data presented in the report includes the primary operations of Freeport-McMoRan’s mining subsidiaries: Freeport-McMoRan Corporation and PT Freeport Indonesia (PTFI) for the period January 1, 2013 to December 31, 2013. Our oil and gas subsidiary, Freeport-McMoRan Oil & Gas Inc. (FM O&G), formed in second-quarter 2013, is excluded from the report boundary unless otherwise noted.

As a result of methodology changes or corrections, prior year data may be updated. Data presentation and comparisons may not meet the direct needs of all stakeholders, and we encourage users of this information to contact our Sustainable Development Department at sustainability@fmi.com with inquiries about our report. We appreciate receiving feedback that will help us improve the quality of future reporting.

GLOBAL REPORTING INITIATIVE

We are reporting in accordance with the Global Reporting Initiative (GRI) G3 reporting guidelines for the sixth consecutive year and in accordance with version 3.0 of the Mining and Metals Sector Supplement for the fourth consecutive year. A GRI content index is located on our website. We have self-declared this report, as well as the content referenced in the GRI content index, at the A+ level of the GRI G3 guidelines.

EXTERNAL ASSURANCE

Since 2005, Freeport-McMoRan has sought independent verification of its annual sustainability reports. We are implementing the International Council on Mining & Metals (ICMM) Sustainable Development Framework, including implementation of 10 Sustainable Development Principles across the Company. External assurance of our 2013 WTSD reporting was conducted by Corporate Integrity in accordance with the ICMM Sustainable Development Framework Assurance Procedure. Site-level external assurance has been completed at all active mining operations at least once. We are continuing site-level external assurance at major operations at least once every three years, with more frequent assurance engagements at operations with higher sustainability risks or opportunities. The 2013 Assurance Statement can be found on page 34.

CAUTIONARY STATEMENT

This report contains forward-looking statements in which we discuss factors we believe may affect our performance in the future. Forward-looking statements are all statements other than statements of historical facts, such as statements regarding projected production and sales volumes. We caution readers that our actual results may differ materially from those anticipated or projected in the forward-looking statements. Important factors that can cause our actual results to differ are described in Freeport-McMoRan’s Annual Report on Form 10-K for the year ended December 31, 2013, filed with the Securities and Exchange Commission and available on our website at www.fcx.com.

Cover: The foundation of our plans for production growth and resource expansions includes our commitment to join with stakeholders in working toward sustainable development. Pictured, community members and employees participating in sustainability programs near our mining operations at Safford (Arizona, U.S.), El Abra (near Calama, Chile), Tenke Fungurume Mining (Katanga Province, DRC), Cerro Verde (near Arequipa, Peru) and PTFI (Papua Province, Indonesia).
