Ms. Jennifer Pruitt, Acting Director
New Mexico Environment Department
Water Protection Division
P.O. Box 5469
Santa Fe, New Mexico 87502

Dear Ms. Pruitt:

Re: Notification of Change in Project Manager
For the Chino Administrative Order on Consent

According to Article XI Section B under the Administrative Order on Consent (AOC) between Freeport-McMoRan Chino Mines Company (Chino) and New Mexico Environment Department (NMED), Chino provides notice that Ms. Alicia Voss will be replaced as AOC Project Manager by Mr. Michael Steward effective March 1, 2019. Ms. Voss is pursuing other interests, and has resigned from Freeport-McMoRan Inc. (FCX) on January 11, 2019. Per Article IX Section E Item 3, this management change has been and will be duly noted in the 2019 AOC quarterly reports as dated January 30th and April 30th. Ms. Voss's resignation as the AOC manager was also earlier communicated to Messrs. Joe Fox and David Mercer on November 30, 2018 during the monthly AOC Technical Group Meeting. Mr. Fox was also informed that the open position had now been reassigned by Freeport on March 7, 2019

Mr. Steward is a Reclamation and Remediation Project Manager for FCX and brings high level project and remediation skills along with more than 10 years of environmental management experience to this position. He is also now FCX's project manager for the Pecos Mine remediation site located near Terrero, New Mexico.

The AOC Technical Group already includes Ms. Pam Pinson who has worked on the Chino AOC since January 2000. Please contact me if you have any questions regarding the change of AOC project managers.

Sincerely,

Sherry Burt-Kested, Manager
Environmental Services
