RE: Freeport Sierrita Mine
Green Valley, Arizona; Site Code: 100073-03

Dear Mr. Broderick:

This correspondence has been prepared to notify you that Ms. Tina Le Page, the previous Voluntary Remediation Program (VRP) Project Manager for the above-referenced site, has transferred the project to me and I will now be the VRP Project Manager for this site. I look forward to working with you in the future.

The VRP is currently reviewing the *Voluntary Remediation Program (VRP) Soil and Sediment Characterization Report* that was submitted to the VRP on April 6, 2011. The VRP Unit Manager, Tom Di Domizio, and I would like to schedule a site visit within the next four weeks to see the facility, discuss the report and future work prior to submitting our comments formally.

If you have any questions, please do not hesitate to contact me by electronic mail at dt3@azdeq.gov or by telephone at (602) 771-4414.

Respectfully,

Danielle Taber, Project Manager
Voluntary Remediation Program Unit

cc: **Martha G. Mottley**, Freeport-McMoRan Copper & Gold – Sierrita, Chief Environmental Engineer
